

19 4Sp Pulsar Spiral Hose 3/4"

Part No: PR419SP

Price: £28.34 (exc VAT) | £34.01 (inc VAT)

Specifications

PR419SP 19 4 Spiral Pulsar Spiral Hose 3/4"

Liner: Synthetic oil resistant rubber Reinforcement: Four high tensile steel wire spiral

Cover: High abrasion, ozone & weather resistant synthetic rubber.

Working temperature : -40°C to 100°C Intermittent temperature: - 40°C to +120°C (10% of total working hours).

Special Features: Validated for 1,000,000 impulse cycles exceeding pressure rating of relevant standards.

Good flexibility, weather and ozone resistant.

MSHA approved flame resistant cover.

Application: High pressure, high impulse hydraulic applications eg. excavators, dozers, cranes, compactors, rock breakers, hydraulic drill rigs and other construction equipment.

Suitable for petroleum based hydraulic fluids, synthetic esters, biodegradable hydraulic fluids, water-glycol based fluids and air.
