

01620 Air Sheet Metal Shear

Part No: 01620

Price: £51.80 (exc VAT) | £62.16 (inc VAT)

Specifications

01620 Air Sheet Metal Shear

The SIP Air Sheet Metal Shear is designed for use in autobody shops, sheet metal, and tinsmith applications, and is built with hardened blades and rugged metal housing for added durability.

Features:

2500spm for high performance

1.2mm 18 GAUGE max. steel cutting capacity

4CFM (113ltr/min) average air consumption

90psi (6bar) operating pressure; 1/4" inlet

Designed for autobody and automotive, sheet

metal, and tinsmith applications in workshops

Clean and precise cutting for added accuracy

Heavy-duty metal housing for high durability

Specifications:

No-Load Speed: 2500spm

Av. Air Consumption: 4.00CFM (113ltr/min)

Steel Cutting Capacity: 1.2mm (18 GAUGE)

Operating Pressure: 90psi (6bar)

Air Inlet Size: 1/4" BSP

Sound Power (LwA): 105.7dB(A)
