Specifications

01720 SIP F32-ID Vari-Speed 2.2kw Floor Pillar Drill

The SIP Industrial F32-ID Vari-Speed 2.2kW 400v Floor Pillar Drill is a heavy-duty pillar drill.

It is specifically designed for professional metalworking and fabrication workshops.

Featuring a variable frequency drive inverter transmission.

The drill delivers high torque output across a consistent spindle speed of 65rpm - 2000rpm for powerful and precise drilling of up to 32mm max. diameter.

For added versatility, this production-grade drill also has a tapping function for threading high-quality screw holes up to max. ? 19mm.

Engineered for demanding production environments, this adjustable and heavy-duty drill also features

enhanced safety features to protect operators.

Features:

Variable frequency inverter drive transmission with wide 65-2000rpm speed range

Infinitely variable control dial for precise spindle speed setting

High torque output for consistent drilling power of up to max. \varnothing 32mm

Fitted with heavy-duty drill chuck and compatible with MT3 (Morse Taper 3)

Tapping function for threading high-quality screw holes up to max. \varnothing 19mm

Recirculating coolant system maintains optimal drilling conditions

Specifications:

Input Supply: 400v (16A)

Motor Power: 2.2kW

No. of Speeds: 65rpm - 540rpm (low) / 245rpm - 2000rpm (high)

Max. Drilling Capacity: 32mm

Max. Tapping Capacity: 19mm

Spindle Taper: MT3

Table Size: 560mm x 475mm

Base Size: 688mm x 486mm

Column Diameter Dia. 115mm

Swing: 530mm

Height: 1665mm

Spindle Travel: 150mm

Collar Diameter: dia 174mm

Max. Distance: 530mm (spindle to table) / 1180mm (spindle to base)

Product Dimensions: 1665(H) x 650(W) x 1090mm(D)
