Specifications

SIP 01726 Vice 6 inch

SIP Drill Vices are constructed from heavy-duty cast iron, which means they are suitable for most trade, workshop and garage applications. Available in various sizes for different tasks.

6" drill vice size

Heavy duty cast iron

Chrome-plated spindle

Integrated folding handle

Manufactured for durability

Strong and knurled grip

These drill vices are designed for optimum performance for our large range of SIP pillar drills, but could be used with other units.
