### Specifications

03845 SIP 1 Tonne Chain Block (suitable for use with 03849 Mobile Gantry Crane)

The SIP 1 Tonne Chain Block is a heavy-duty block assembly that utilises a compact yet durable design and industrial-grade manual lift mechanism for low resistance and thus low operator effort.

Features:

1 Tonne chain block assembly with manual chain lift

Compact design; low resistance and low effort mechanism

Industrial mechanism with both hardened shaft and gears

Short headroom for quick and easy installation

Low maintenance and servicing costs

Perfect for small workshops
