

04007 Silver Wheel Rim Spray 500ml

Part No: 04007

Price: £10.79 (exc VAT) | £12.95 (inc VAT)

Specifications

04007 Silver Wheel Rim Spray 500ml - High gloss Silver paint

Suitable for Wheel rims, Wheel trims and other suitable surfaces where a durable and high gloss Silver paint finish is required.

(For non-ferrous metal surfaces such as Brass, Aluminium, or Aluminium Alloy parts, use of an acid etch primer is advisable to enable best surface paint adhesion.)

Fast drying gloss-finish lacquer with good coverage and excellent adhesion to treat surfaces, treated and untreated, wood, metal, glass and various types of plastic.

The product has a lasting colour and has good surface hardness. It is resistant to petrol, chemicals and weather influences and is non-fading and UV resistant.

Specifications:

Scratchproof, shockproof, anticorrosive Quick drying, Light, UV and weather resistant

Benefits:

Good protection, Quick drying, fading resistance

Application:

For wheel trims and caps in steel and light metal alloys. note: for use on Aluminium and Aluminium alloy and Brass materials, a surface etching primer is recommended for best paint adhesion to the base metal.

Properties

Resistant to fuel, chemicals and weathering

Hardened/overcoat-ready: after 2 hours

Shine level: High Gloss

For usage: Outdoor

Theoretical coverage area per can: 4 to 5 wheel trims or wheel caps per spray can

Cured time: 2 h

Min. processing temperature: 15 °C

Max. processing temperature: 25 °C
