

0455 Granville Petro Patch Putty

Part No: 0455

Price: £5.95 (exc VAT) | £7.14 (inc VAT)

Specifications

0455 Granville Petro Patch Putty

Granville Petro Patch Putty is a hand kneadable, non-rusting, steel reinforced epoxy putty that mixes in one minute to provide a fast permanent repair to items made of ferrous metals and aluminium.

Granville Petro Patch Putty is supplied in a handy rod form with the curing agent encapsulated in the contrasting colour base material.

Its putty-like consistency eliminates drips and runs providing a 'no mess' application with no tools required for use.

Granville Petro Patch Putty dries to a dark grey colour which can be overpainted if required.
