Specifications

04913 SIP 1" Petrol-Driven Water Pump

The SIP 1" Petrol-Driven Water Pump is a heavy-duty surface-mounted pump built with a 2.6hp EURO V engine inside a robust frame and robust volute housing suitable for all environments.

Features:

Heavy-duty 2.6hp (1.9kW) EURO V petrol engine

30mtr max. pumping head / 7mtr max. suction head

116ltr/min water flow rate; 1" (25.4mm) Ø suction outlet

Tough cast iron impeller with heavy-duty volute housing

Low oil shutdown helps to prevent engine damage

Designed for heavy-duty pumping applications

Specifications:

Engine Power: SIP 2.6hp (1.9kW) EURO V

Engine Type: 4-STROKE OHV 1-CYLINDER

Fuel & Starter Type: Petrol / Recoil

Water Flow Rate: 116ltr/min (7m³/hr)

Max. Pumping Head: 30mtr

Max. Suction Head: 7mtr

Fuel Tank Capacity: 2ltr

Outlet Diameter: Ø 1" (25.4mm)

Noise Level: 106dB(A)
