Specifications

05251 SIP B3800/270 Tandem Air Compressor

SIP B3800/270 Tandem Air Compressor

The B3800/270 Tandem is a trade belt-driven compressor powered by two 3.0hp motors on a standard 230v supply.

Twin pump units and an efficient system makes this unit highly reliable.

230v (32amp) input supply

2x powerful tandem 3.0hp motors

Large 270.0 litre air receiver size

22.0CFM maximum free air delivery

32.0CFM max. piston displacement

Twin pump units - continued operation

should a pump or motor suffer failure

Strong aluminium die-cast valve plate

Heavy-duty, high efficiency pump

Robust Star Delta starter system

Premium Italian construction

NOTE: Don't forget your Anti-Vibration Mounts!
