

05376A SIP RS5.5-08-270BD Rotary Screw Compressor

Part No: 05376A

Price: £6251.40 (exc VAT) | £7501.68 (inc VAT)

Specifications

05376A SIP RS5.5-08-270BD Rotary Screw Compressor

The SIP RS5.5-08-270BD is a belt-driven rotary screw Compressor.

It uses several powerful components including a efficient IE3 motor, Italian-made air end, and silenced cabinet for a complete compressed air solution.

Designed for a range of professional and industrial applications.

Key Features

Electronic ETM II control; simple, easy-to-use and reliable

IE3 premium efficiency motor for reduced costs and emissions

Italian-manufactured air end which delivers constant airflow

Silenced cabinet enclosure for reduced noise levels

100% UK tested by SIP before despatch

Electronic ETM II control with digital display; easy-to-use and reliable

Quality IE3 premium efficiency motor for reduced costs and emissions

Italian-manufactured air end which delivers high-quality constant airflow

Silenced cabinet enclosure reduces noise and maintains temperature

Digital display shows pressure, hours, and temperature ranges

POLY-V belt-driven transmission for lower power losses

Front and rear access panels for easy servicing and maintenance

100% UK tested by SIP before despatch

SIP 2-Year Standard Silver Warranty

Manufactured in Italy

Specifications:

Input Supply: 400v (20A) 3-PHASE

Motor Power: 7.5hp (5.5kW) IE3

Receiver Size: 270ltr

Controller Type: ETM II

Free Air Delivery (FAD): 25.40CFM (720ltr/min)

Max. Air Pressure: 116psi (8bar)

Connection Size: 1/2"

Noise Level: 64dB(A)
