

05378A SIP RS4.0-08-200BD/RD Rotary Screw Compressor

Part No: 05378A

Price: £6660.60 (exc VAT) | £7992.72 (inc VAT)

Specifications

05378A SIP RS4.0-08-200BD/RD Rotary Screw Compressor

The SIP RS4.0-08-200BD/RD is a belt-driven rotary Screw Compressor utilising a combination of powerful components including a high-efficiency IE3 motor, Italian-made air end, and refrigeration dryer.

The RS4.0-08-200BD/RD is tested thoroughly by SIP technicians in the UK prior to despatch, for added peace-of-mind.

The complete range of SIP Screw Compressors is designed to significantly reduce noise, emissions and energy costs.

Features:

Electronic ETM II control with digital display; easy-to-use and reliable

Quality IE3 premium efficiency motor for reduced costs and emissions

Italian-manufactured FS14 air end delivers high-quality constant airflow

Silenced cabinet enclosure reduces noise and maintains temperature

Integrated refrigeration dryer provides cooler air and reduced moisture

Digital display shows pressure, hours, and temperature ranges

POLY-V belt-driven transmission for lower power losses

Front and rear access panels for easy servicing and maintenance

100% UK tested by SIP before despatch

SIP 2-Year Standard Silver Warranty

Manufactured in Italy

Specifications:

Input Supply: 400v (20A) 3-PHASE

Motor Power: 5.5hp (4kW) IE3

Receiver Size: 200ltr

Controller Type: ETM II

Refrigeration Dryer: 230v (13A)

Free Air Delivery (FAD): 20.50CFM (580ltr/min)

Max. Air Pressure: 116psi (8bar)

Connection Size: 1/2"

Noise Level: 60dB(A)
