Specifications

05398 SIP QT 6 Litre Oil-Free low - Noise Compressor

The SIP QT 6ltr Low Noise Direct Drive Compressor is an innovative low noise direct drive compressor.

It is ideal for general work area applications. This includes small workshops and mobile uses.

Designed to operate at reduced noise levels, this low maintenance, oil-free compressor operates at just 59dB without compromising on air production efficiency.

This makes it essential for use in environments where the noise output is of concern.

Key Features:

Innovative low noise compressor that operates at just 59dB

Brushless induction motor for greater efficiency and longer lifespan

Direct drive transmission for efficient low noise air production

Built-in air pressure switch and regulator with quick release connection

Oil-free and low maintenance for proven and reliable everyday use

Lightweight unit with outstanding portability and ease of storage

Specifications:

Input Supply: 230v (13A)

Motor Power: 0.75hp (550w)

Receiver Size: 6ltr

Piston Displacement: 2CFM (57ltr/min)

Free Air Delivery: 1.5CFM (42ltr/min)

Max. Air Pressure: 130psi (9bar)

Noise Level: 59dB(A)

Product Dimensions: 500(H) x 170(W) x 480mm(D)
