Specifications

05719 SIP Large Cylinder Welding Trolley

The SIP Large Cylinder Welding Trolley is compatible with the SIP AUTOPLUS ECO 200 (05723) and SIP AUTOPLUS ECO 180 (05724) MIG Inverter Welders.

It can hold larger gas cylinders up to 99kg in weight on the rear-facing footplate.

Cylinders can be secure at two points on the trolley via robust pull-through chains, while large solid wheels ensure great movability around the workshop.
