

05771 SIP HG2200P TIG/ARC Inverter Welder with Pulse

Part No: 05771

Price: £719.20 (exc VAT) | £863.04 (inc VAT)

Specifications

The SIP HG2200P TIG/ARC Inverter (with Pulse)
For the serious home or trade welder, offering portability, convenience and ease of use at great value for money.

- 230v (16amp) supply
- DC Output Current
- Dual welding function TIG and ARC
- Weld steel, stainless steel and copper
- Very high duty cycle: 200amps @ 60% TIG and ARC
- High frequency TIG facility for easy starting
- Lift ARC TIG
- MMA (ARC)
- MMA Electrode size 1.6mm - 4.0mm
- TIG Tungsten electrode size 1.0mm - 2.4mm
- 2T / 4T control
- DC TIG / Pulse Selector
- 2 Year warranty
- Complete with 4m WP26 TIG torch, 2m earth cable with earth clamp,

Torch consumable accessory set, 3m x 8mm Ø gas hose and hose clamp

Supply	230v (16amp)
Welding Current	TIG
Output @ 60% Duty Cycle	5amp to 200amp
Tungsten Electrode Diameter	200amp
	1.0mm - 2.4mm
Welding Current	ARC
Output @ 60% Duty Cycle	20amp to 200amp
MMA Electrode Diameter	200amp
	1.6mm to 4mm
Insulation Class	H
Protection	IP21S
Gross Weight	13.8kg
Packaged Dimensions (HxWxL)	480 x 240 x 480mm

Optional Extras

05714 SIP 3 Tier Welding Cart

Part No: 05714
