

05777 SIP HG3000S SWF MIG Inverter Welder

Part No: 05777

Price: £2583.80 (exc VAT) | £3100.56 (inc VAT)

Specifications

05777 SIP HG3000S SWF MIG Inverter Welder

SIP HG3000S MIG Inverter Welder

The HG4500 Inverter from SIP is suitable for MIG and ARC welding, and features integrated IGBT technology, 4-roll wire feeding, and infinitely variable welding output on both types.

230v (43amp) input supply

50amp - 250amp output current (MIG)

30amp - 250amp output current (ARC)

0.8mm - 1mm maximum wire diameter

Separate mounted 4-roll wire feed unit

Integrated IGBT inverter technology

2 touch / 4 touch (2T/4T) controls

5kg to 15kg wire spool capacity

Supports standard/Flux wires

Built-in burnback adjustment

Supplied with accessories
