Specifications

05802 Professional FX-EH Mobile Welding Fume Extractor

The SIP FX-EH Mobile Welding Fume Extractor is a local exhaust ventilator (LEV) that ensures welding fumes released are properly controlled, providing protection against harmful toxic fumes.

230v input supply, 1.1W input power

High performance centrifugal extraction fan

encased in a rugged soundproof compartment

2500m³/hr max. flow, 1200m³/hr max. suction

Powerful 3-stage effective filtration up to 99.5%:

Stage 1: Metallic spark arrestors G25%

Stage 2: Corrugated polyester fibre prefilter

Stage 3: Absolute filter H13 HEPA 95.5%

Fitted with a heavy-duty 3m flexible arm

Durable steel with powder-coated finish

Lightweight and compact for movement

Complies with current regulations

Made in Italy

Standard features:

Input Supply 230v

Input Power 1.1kW

Power Consumption 4.85A

Max. Flow Rate 2500m³/hr

Max. Suction Rate 1200m³/hr

Filtration 99.5%

Filter Stage 1 Metallic spark arrestors G25%

Filter Stage 2 Corrug. polyester fibre prefilter

Filter Stage 3 Absolute filter H13 HEPA 99.5%

Adjustable Extraction 3m flexible arm

Max. Temperature 60°C

Noise Level 73dB(A)

Net Weight 85.00kg

Optional Extras

WE08-00008 Absoulute Filter for
05802 & 05807 Extractor Units

Part No:
WE08-00008

Price:
£282.29 (exc
VAT)
£338.75 (inc
VAT)

WE08-00009 Anti-Spark Metallic
Filter for 05802 & 05807 Extractor
Units

Part No:
WE08-00009

Price:
£36.99 (exc
VAT)
£44.39 (inc
VAT)

WE08-00010 Pre-Filter for 05802 &
05807 Extractor Units

Part No:
WE08-00010

Price:
£32.69 (exc
VAT)
£39.23 (inc
VAT)
