

06709 SIP 3/8" Reversible Air Drill with Keyless Chuck

Part No: 06709

Price: £42.80 (exc VAT) | £51.36 (inc VAT)

Specifications

06709 SIP 3/8" Reversible Air Drill with Keyless Chuck

The SIP 06709 3/8" air drill is a compact unit with the convenience of a keyless chuck for fast bit and tool changes.

With an 1800 rpm speed, it consumes 3.7cfm at 90psi so is also ideal for use with smaller compressors typically producing around 4-5CFM capacity as well as with larger compressors.

The exhaust air exits through the handle base, away from the work.

Features forward and reverse direction change lever.
