

06711 SIP 1/2" Reversible Air Drill Key Chuck

Part No: 06711

Price: £60.80 (exc VAT) | £72.96 (inc VAT)

Specifications

The SIP 06711 1/2" Reversible Air Drill features a Key chuck with hardened double reduction planetary gearing for long life.

This air drill is an ideal for drilling, reaming and honing.

The compact size allows access where bulky electric drills may be too awkward or large.

Side mounted Forward / Reverse direction change lever

Side handle for stability

Exhaust air exits through handle

4CFM air consumption at 700RPM
