

06725 SIP 1/2" Reversible Air Ratchet drive

Part No: 06725

Price: £54.00 (exc VAT) | £64.80 (inc VAT)

Specifications

06725 SIP 1/2" Reversible Air Ratchet drive

The SIP 1/2" Reversible Air Ratchet is an ideal general purpose air ratchet for your workshop requirements on small engines, automotive applications and jobs where your space is limited, allowing the smaller profile to reach where larger body impact drivers can't.

The Air Ratchet operates at 160rpm (no load speed) and has 68nm of torque, using only 2.7CFM of air at 90psi, it features an easy speed control trigger.
