Specifications

08953 SIP Tempest PH480/150 Hot Water Pressure Washer

The SIP Tempest PH540/150 Hot Water Pressure Washer combines 90°C hot water via a diesel-fired boiler.

With adjustable detergent suction, making it effective in commercial applications.

Features:

230v (13A) input supply

2700w (3.6hp) 2800rpm 2-pole brushless induction motor

2030psi (140bar) max. pressure; 540ltr/hr water flow rate

Heavy-duty COMET brass-headed Axial plunger pump
Total Stop function stops power when not in use, for high energy cost savings and reduced pump wear and tear
90°C max. hot water temperature for powerful cleaning
Powerful diesel-fired boiler with 15ltr fuel tank capacity
4.5ltr detergent tank; adjustable low pressure suction
Easy-to-use control panel and easy internal access
8mtr durable hose with built-in retractable hose reel
Heavy-duty metal lance with an adjustable nozzle
Durable rubber nozzle shroud lance protection
Integrated temperature setting thermostat
Built-in pressure gauge for high accuracy
Ideal for light commercial applications
Made in Italy / 2 year warranty

Specifications:

Motor Power: 2.7kW (3.6hp) 2-POLE 2800rpm

Pump Type: COMET Brass Axial Plunger

Turbo Pressure: None

Max. Pressure: 2030psi (140bar)

Water Flow Rate: 480ltr/hr

Max. Temperature: 90°C

Fuel Tank Capacity: Diesel 15ltr

Detergent Capacity: 4.5ltr

Hose Length: 8mtr

Sucks Water: No
