

50mm (2") Industrial Magnetic 230V

Part No: 092-0001

Price: £699.95 (exc VAT) | £839.94 (inc VAT)

Specifications

EVOMAG50

2" Industrial Magnetic Drill

Ideal For: Bridges, I-Beams & Framework

INDUSTRIAL QUALITY

This robust and durable magnetic drill is highly productive in heavy-duty industrial and fabrication work. The EVOMAG50 is versatile, accurate and portable with strong magnetic adhesion.

IDEAL FOR SITE USE

With so many buildings being built around a steel framework, a magnetic drill is an essential product and ideal for site use. Equipped with a 2 speed gearbox which can be manually set using the gear selection switches to either 380 or 500 (No Load) RPM.

TWIST DRILL FUNCTION

The impressive EVOMAG50 offers incredible value with the capability to use up to 50mm (2") cutters and 13mm (1/2") twist drills! The EVOMAG50 also features an integrated coolant system for magnetic drilling.
