Price: £14.99 (exc VAT) Save £3.00 (RRP
£17.99) | £17.99 (inc VAT)

Specifications

09709 Winntec X Liftpad

The WINNTEC® X Liftpad offers added stability and protection when lifting vehicles for maintenance and minor repairs.

Applications include tyre changes, brake work and under vehicle inspections.

Strong and durable, the pad easily screws into the saddle of a WINNTEC® Trolley Jack.

Featuring a deep ridge groove to maximise stability and maintain a precise alignment to the vehicle lift point.

This ensures a secure hold in the lift point for a damage-free lifting and protection to the vehicle undercarriage.

Key Features

Offers added stability and protection for damage-free vehicle lifting

Liftpad easily screws into the saddle of a WINNTEC® Trolley Jack

Compatible with 2T/3T WINNTEC® Trolley Jacks (09701, 09702, 09706, 09707)
