Specifications

09894 Winntex Wheel Centreing Bolt Set

The Winntec from SIP Wheel Centering Bolt Set simplify the heavy wheel and spacer install process, by holding the rim centered on the hub while screwing lug nuts in, and is useful for brake discs.

Quality aero alloy construction

Perfect hole alignment every time

Holds the rim centered on the hub

Avoids ceramic brake disc damage

Simple directions for effective usage:

Screw wheel pin into top bolt hole

Slide your rim over the pin to hub

Provides perfect rim alignment
