Specifications

Mountfield Fertiliser Spreader

The original seed and fertiliser spreader has been designed to effectively spread fertiliser, gravel and sand over large areas.

It has a capacity of 30 litres. A rotating disc distributes fertiliser over an area of 2.5-3 m.

It is easy to empty from the driver's seat and can be used with all garden tractors and front mowers.

The fertilizer spreader is the perfect accessory to be used in Spring, to fertilize your lawn and make it grow healthier and quicker.
