Specifications

25172 SIP P200W-DC Honda ES Welding Generator

SIP HP200W-DC ES Honda™ Welder Generator

The P200W range of petrol welding generators are designed to provide mobile welding solutions for various tasks,

plus feature auxiliary power outlets for use as a standalone generator.

Electric-starting welder generator

230v / 115v generator input supply

Powerful Honda GX390 petrol engine

4KVA maximum rated generator output
50amp - 200amp ARC (DC) output current
High 170amp @ 60% generator duty cycle
7.3 hours (2.4 hours) fuel tank and runtime
1.5mm - 8mm welding thickness (mild steel)
1.6mm - 5mm maximum electrode diameter
Inclined cylinder and counterbalance shaft
Low oil shutdown helps prevent damage
Hot spark ignition, splash-fed lubrication
Excellent and efficient fuel consumption
Reduced oil consumption for longer life
Built and tested by SIP in the UK
3 year Honda engine warranty
