

25287 SIP Professional Spot Weld 21 230v

Part No: 25287

Price: £935.99 (exc VAT) | £1123.19 (inc VAT)

Specifications

25287 SIP Professional Spot Weld 21 230v

The SIP Professional Spotweld 21 is a handheld spot welder fitted with a heavy-duty transformer. Ideal for automotive and light sheet metal applications where space is limited.

230v (16A) supply, 1.2kW max power

Powerful 3800A max. welding current

Utilises a heavy-duty welding transformer

Suitable for automotive and light sheet metal

1+1mm (mild steel) / 6+6mm welding capacity

120mm arm, 40-120kg adjustable pressure

100mm (top) / 50mm (bottom) electrodes

Manual welding current time control

Built-in thermal protection

3 year warranty

Made in Italy

Standard features:

Input Supply 230v (16A)

Max. Input Power 1.2kW

Open Circuit Voltage 2v

Max. Welding Current 3800A

Max. Welding Capacity 1+1mm (mild steel) / 6+6mm ø

Electrode Length (top) 100mm / (bottom) 50mm

Operation Weld timer

Arm Length 120mm

Arm Pressure 40-120kg adjustable

Net Weight 10.60kg
