

Stiga E 400 S Battery Simulator

Part No: 277010008/ST1

Price: £29.17 (exc VAT) | £35.00 (inc VAT)

Specifications

Stiga E 400 S Battery Simulator

Battery simulator compatible with all STIGA hand-held tools in the 5 and 7 Series.

Compatible with all hand-held tools in the 5 and 7 Series.

Adaptor to be used with battery harness BH900E.

The E400S is an adaptor fitted into the 48v tool and connected by a power cable to a BH900E harness containing the 48v work battery.

It connects from the tool to the Battery that is contained in a BH900E Harness.

This cuts the working weight of the tool down, reducing user fatigue on longer machine operation times.
