Specifications

The STIGA petrol Brushcutter 730 has a powerful 25.4 cc engine with 1.0 kW power and a 43 cm cutting width.

Efficient, sturdy technology you can rely on to make light work of the cutting and trimming jobs that keep your garden looking glorious.

The high-performance 3T ARC 255mm blade is the ideal attachment when it comes to tackling dense vegetation.

A Bump&Work nylon cutting head is included for trimming softer grasses.

The nylon cutting head has been engineered for maximum efficiency using 2.4mm Nylon Line, ensuring a smooth trim session with only momentary interruption when fresh nylon line is required.

Rather than having to fiddle around with tools to replace the line, simply tap the trimmer head on the ground.

This motion automatically releases the required amount of fresh line, leaving you free to continue your session and keep your attention focused on the task at hand.

The brushcutter is well balanced and comes with a single harness so you can work comfortably with the weight distributed evenly between your shoulder and hip.

We recommend wearing headphones and gloves when using a brushcutter – the grip on the single loop handle works brilliantly with our anti-vibration, non-slip protective gloves.

And when your cutting and trimming tasks are done for the day, storing your brushcutter is fuss-free, thanks to its sleek and compact design.

A 5-year manufacturer's warranty is included with this model (T&C's apply).

This Garden Machinery product can be collected in-store or is only available for local delivery to the following local Postcodes HR, WR, SY & LD.

We also provide full parts backup, servicing and workshop facilities by our own Mountfield & Stiga trained and accredited staff.

***Warranty Terms & Conditions.**

To maintain the 5 year warranty the mower must be serviced before the end of the first year of ownership and annually thereafter by an authorised Mountfield dealer.

Failure to keep the Mower serviced at these intervals will result in the warranty reverting to a standard warranty period.
