Specifications

Mountfield Electress 38 Li Mower c/w 2 Batteries & Charger

The new Freedom 100 range of garden tools offer the perfect selection for any small job in smaller gardens. Lightweight and easy to use without the mess and fumes of petrol, this cordless battery range offers great value for money.

The Mountfield Electress 38 Li is a breath of fresh air with class leading powered by STIGA E-Power 20 Volt Lithium-ion batteries at its heart.

This hand-propelled lawnmower is powered by 2 x 4Ah batteries and combined with superb motor technology is incredibly energy efficient.

It features a 38cm cutting width and a centralised lever that allows you to change the cutting height through 6 different positions ranging from 25-75mm.

The lightweight polypropylene chassis is not only striking in Mountfield red but is also hard wearing

and rust-proof.

Cuttings are blown into the rear 40-litre hybrid grass collector and the handles fold-over for easy storage. Grooved wheels offer better traction and being so lightweight (12.24kg) this mower is extremely manoeuvrable and easy to handle.

With no mains cable to drag behind or get snagged in plants and furniture or smelly petrol fumes to contend with this mower is a great alternative to electric or petrol equivalents - making cutting the grass a pleasure not a chore!

With a 2-year warranty and 2 x 4Ah batteries and a charger included this mower is a real winner! Suitable for gardens up to 350sqm with a run time dependent on conditions of 25mins (using both batteries)

Product dimensions: Length 134 cm x Width 43 cm x Height 95 cm

5 year warranty*

Have you checked out all the other products in the Freedom100 series - the same battery system powers a number of handheld products which will compliment this mower.

This Garden Machinery product can be collected in-store or is only available for local delivery to the following local Postcodes HR, WR, SY & LD.

We also provide full parts backup, servicing and workshop facilities by our own Mountfield & Stiga trained and accredited staff.

Optional related parts products for the 38 Li Kit are shown at the bottom of the page

5 year warranty*

***Warranty Terms & Conditions.**

To maintain the 5 year warranty the mower must be serviced before the end of the first year of ownership and annually thereafter by an authorised Mountfield dealer.

Failure to keep the Mower serviced at these intervals will result in the warranty reverting to a standard warranty period.
