Specifications

Stiga Collector 140e Kit

Complete with 2 x E24 4.0Ah Batteries and Dual Battery Charger

The Collector 140e Kit is a lightweight battery-powered lawn mower that's easy to manoeuvre but tough enough to withstand knocks and scrapes.

With just one charge, it can cover up to 350sqm.

Because it's a cordless lawn mower, you can get to work without worrying about cables.

Overheating isn't a concern either, thanks to its optimised air circulation.

And because it's battery powered, it's much quieter than a typical petrol lawn mower.

It's comfortable too, with a soft grip handlebar adjustable to two positions, and an easy-lift handle.

There's a choice of six cutting heights, which you can set easily using a lever.

When it comes to mowing, a 40l grass catcher will save on trips to empty your cuttings.

The textile lower part of the grass catcher also keeps your cuttings compact.

Then when the work's done, the handlebar folds fully away, saving on storage space.

2 x E24 4.0Ah Batteries and charger included.

A 5-year manufacturer's warranty is included with this model (T&C's apply).*

Specifications:

Complete with 2 E24 4.0Ah Batteries and Dual Battery Charger

Product dimensions: 137 L x 44 W x 122 H cm
