#### Mountfield Princess 34 Li Kit

A superb hand-propelled battery-powered mower with every feature you need to produce a perfect lawn finish.

Mountfield's Princess 34 Li is quiet, light, and being battery operated you don't have long leads snagging on plants, furniture, and steps.

There are six changeable cutting heights, all from one simple to use handle.

And you have the choice to either collect the cuttings in the ample 35-litre grass collector or to mulch them to add essential nitrogen-rich fertiliser back onto the lawn.

The Princess 34 Li is easy to manoeuvre around any small garden.

One 2Ah battery and a standard charger are supplied with the mower so you are ready to mow!

A front comb eases the grass up to be cut, the 34cm wide blades create a sharp, clean cut and the rear roller produces the perfect striped effect.

The mower has a polypropylene body making it super durable and easy to clean. Fold down handles make storage easy too.

What more could you ask for?
