Part of our Experience range, the Combi 336e Kit is driven by the ePower420 battery – developed and tested by STIGA in Italy.

It gives you the cutting performance you need, without the cables, noise, fumes or frustration.

Choose between six different cutting heights, decide whether to mulch, collect or rear discharge, push the button and go.

Grass is collected in the 35 Litre optimised grass catcher, with side vents and handle for easy emptying.

Striking the perfect balance of form and function, the Combi 336e Kit features an anti-scalp front

comb, adjustable soft-grip handlebar as well as a carry handle for easy lifting.

When you're done, fold away, stand back and admire the results.
