Specifications

Stiga Combi 344e Kit

Complete with 1 E450 5.0Ah Battery and Single Battery Charger

The heart of your Combi 344e Kit electric lawn mower is an ePower450 battery – developed and tested by STIGA in Italy.

It's a powerful 48V 5Ah lawn mower battery that covers up to 400sqm on one charge, making it perfect for mowing larger lawns.

And because its battery powered, there are no annoying cables or polluting emissions.

It's also less noisy than any typical petrol lawn mower.

You can pick between six cutting heights, and choose whether you want to mulch, collect or side discharge the grass.

Just push the button, and you're up and running.

Its 42cm cutting width cuts down your mowing time.

Grass is collected in a 50L optimised grass catcher, with side vents and a handle for easy emptying.

The Combi 344e Kit battery lawn mower also features an anti-scalp front comb to avoid damaging your lawn, adjustable soft grip handlebar and ergonomic lever, and a carry handle for easy lifting.

When the mowing's over, just fold the handle down for easy storage. Or if you prefer, put the handlebar into an 'S' position, and hang it from your wall.

This Garden Machinery product can be collected in-store or is only available for local delivery to the following local Postcodes HR, WR, SY & LD.

Complete with 1 E450 5.0Ah Battery and Single Battery Charger
