Control number : E4 6509

Lamp type: H1 P14.5s

Application: Universal

Bulb: Halogen Type H1

Diameter 135 mm

ECE standard R65 & R10

Flashes per minute 174

Function: Direction indicator Position light

Height: 222 mm

Housing Colour Black

Housing material Ethylene propylene diene monomer [EPDM]

Insulation class 5K4K, X9K

Lens colour: Yellow / Amber

Lens material Polycarbonate

Light colour Orange

Max working temperature 60 °C

Min working temperature -40 °C

Mounting position Top, on Pole

Mounting type Flexible pole mount (DIN)

Nominal voltage 12V

Plug type DIN pole mount

Power 55W

Series Rotaflex

Shape Round

Suitable for machine/vehicle brand Universal

Width 135 mm
