Specifications

Stiga Combi 166 Lawn rider Hydrostatic Transmission

The Combi 166 riding mower is ideal for gardens with tricky twists, sharp turns and complex designs.

It's small enough to fit through tight gaps, while its narrow turning circle makes it easy to manoeuvre around obstacles.

Plus, its Stiga ST 250 ES 224cc single-cylinder engine, 66cm cutting width and spacious 150l grass collector make it perfect for mowing areas up to 1500sqm.

A flexible cutting system - with a 66cm cut width includes 6 selectable height positions - lets you choose between collecting, side discharging and mulching, to match the lawn and season.

For a smooth, safe drive, the Combi 166 also features an easy-to-reach speed variator and pedal-operated hydrostatic drive.

Simply sit down, switch on, and away you go.

Mulching kit sold separately.

This Garden Machinery product can be collected in-store or is only available for local delivery to the following local Postcodes HR, WR, SY & LD.

Mountfield Stiga Combi 166 product features:

- Fuel-efficient 224cc electric key start air cooled Stiga 4 stroke Petrol engine.
- 3.8-litre fuel tank.
