Specifications

Mountfield MTF 84M Collecting Lawn Tractor Manual

The Mountfield MTF 84M ride-on lawn mower is small enough to fit through a standard garden gate but big enough to tackle any grassy area up to one acre / 3000m in size.

The powerful 352cc STIGA ST 350 engine, manual transmission, and impressive 84cm cutting width make light work of larger areas.

Visibility is superb; manoeuvrability slick and cutting precision is quality.

The twin-bladed cutting deck with two asynchronous blades and 7 cutting heights ranging from 25-80mm, produce a fantastic finish.

Grass clippings are collected in the 200-litre rear-mounted collector that can be emptied without leaving the comfort of the raised driving seat.

When fitted with the optional mulching plug, that can be purchased separately, the grass clippings are finely cut into a nitrogen rich mulch to recycle back onto your lawn as a natural fertiliser.

An optional battery charger, mulching plug and tow hitch are available separately.

The Mountfield MTF 84M is a superb garden tractor and comes with a 5-year warranty.
