Specifications

Stiga Estate 384e Collecting Lawn Tractor Electric

The Estate 384e's 48V 30Ah battery combines the comfort of a sit-on lawn motor with the power of a petrol lawn tractor.

And because the battery's so powerful and durable, you'll enjoy rides covering up to 5500sqm on one charge.

Your sit-on mower comes with a 240l grass collector, so you can focus on cutting your lawn, not going to the garden bin.

An intuitive dashboard features the battery power status and quick-press start button.

A powerful 1.2kW transaxle motor lets you reach speeds of up to 9km/h, while two cutting blade motors totalling 3kW are free from belts, pulleys and expensive maintenance.

And thanks to an ample 84cm cutting width, adjustable to 7 heights between 25 to 80mm, you'll be finished and parked quickly.

After cutting operations, simply connect a garden hose to the Washlink point to clean the deck

interior and blades of clippings.
