

44110 WD40 Cutting Oil Spray 400ml

Part No: 44110

Price: £7.95 (exc VAT) | £9.54 (inc VAT)

Specifications

44110 WD40 Cutting Oil Spray 400ml

Multi-Purpose Cutting Oil is designed to improve the performance and extend the life of your cutting and drilling equipment.

Ideal for using as a cutting aid when machining, drilling or cutting metals.

You can use it on either stainless steel or titanium components.

It prevents pitting and metal seizures, eases mechanical processing of metals, and reduces heat and damage caused by friction.

You can expect an exceptional finish to your work, as well as protecting and prolonging the life of your equipment.

Ideal for:

Hand cutting machinery

Power cutting equipment

Hand drilling

Thread cutting

Power drills
