

44389 WD40 Silicone Spray Lubricant 400ml

Part No: 44389

Price: £7.95 (exc VAT) | £9.54 (inc VAT)

Specifications

44389 WD40 Silicone Spray Lubricant 400ml

A high-Performance Silicone spray lubricant which is great for use on high-pressure equipment.

It displaces moisture and provides excellent lubrication, protecting and extending the life of your tools and equipment.

As the spray is silicone-based, it's perfect for using on rubber parts like pipes, window seals, plumbing fittings and belts.

You can even use it on metal, plastic and wood, without it leaving a stain.

As well as protecting your tools and machines from rust, our Silicone Lubricant will repel dust, dirt, oil and grime.

This is useful against dirt build-up that can create damaging residues.

With just a coat of Silicone Lubricant, you can be sure that things will stay clean and conditioned, and functioning smoother for longer.

WD-40 works in challenging conditions, so our lubricant will perform in most types of weather, and all-year round.

It's designed to keep working in temperatures ranging from -35°C to +200°C.

Ideal for using on:

Belts and conveyors

Improving the running of bearings, guide rails and door runners

Smoothing linkages

Doors and hinges

Lubricating tools

Improving the performance of valves, locks and hoists

Protecting car window and door seals

Protecting uPVC window and door latches
