

4700152150 Trailer Control Valve

Part No: 4700152150

Price: £1390.92 (exc VAT) | £1669.10 (inc VAT)

Specifications

4700152150 Trailer Control Valve

Brand Wabco

Product details:

Control valves for dual-pipe trailer brake systems

Controlling the dual-pipe trailer brake system in combination with the hydraulic main brake cylinder or the hydraulic sensor of the agricultural tractor

Max. operating pressure (pneumatic part): 10 bar

Max. operating pressure (hydraulic part): 120 bar

Temperature range: -40 °C > +80 °C

Max working pressure 7 BAR

Actuation pressure 3 BAR

Hydraulic part max. pressure 19 BAR

Absorption volume 1 cm³

Intended medium Mineral oil

Connection thread diameter M16

Connection thread pitch 1.50mm

Connection 2, thread diameter M10

Connection 2, thread pitch 1.00mm

Distance between mounting holes 26mm

Min working temperature -40 °C

Max working temperature 80 °C

Mounting holes diameter 9mm

OEM: AL81937
