

4783 Laser tools Liquids Transfer Pump

Part No: 4783

Price: £15.95 (exc VAT) | £19.14 (inc VAT)

Specifications

4783 Laser tools Liquids Transfer Pump

Two new tools are now part of the Laser range making dispensing oil and fluids simple and effective.

Firstly the Transfer Pump (Part No 4783) is a hand operated transfer pump which dispenses up to 250ml of fluid per stroke.

Suitable for use on 5 | 15 | 55 gallon drums with either 3/4" or 2" female or Senior Rieke Flex Spout connection.

Spacers supplied for reducing flow plus two piece barrel extraction tube for reaching the bottom of the barrel.

Or alternatively the Oil ATF Dispenser 7 litre (Part No 4792) is a manually operated oil dispenser which comes complete with a range of Automatic Transmission Fluid adaptors with quick fix coupling.

Simply open the ball valve and the pump handle will dispense 70cc per cycle.

The large visual measurement will identify amount dispensed. Special adaptors included in the set are designed for Audi, BMW, Ford and Volkswagen.
