

7435SPK8 Cast Welding Rods 3.2mm (x8)

Part No: 7435SPK8

Price: £14.95 (exc VAT) | £17.94 (inc VAT)

Specifications

7435SPK8 Cast Welding Rods 3.2mm (x8) Supercast NiFe

Length 350mm 80 Amp current

Hardness 190 HB

Standards AWS A5.15 : E NiFe-C1

DIN 8555: E6-UM-60-S

Features and applications:

Graphite basic coated electrode with a Ferro-Nickel alloy deposit for joining and repairing nodular cast iron.

Deposit homogenous and highly resistant to cracks.

Particularly recommended for dissimilar welding of cast iron to steels and constructions of cast iron.
