

777740GP Grey Primer Spray Paint 400ml

Part No: 777704GP

Price: £3.98 (exc VAT) | £4.78 (inc VAT)

Specifications

777740GP Grey Primer Spray Paint 400ml

Product Details:

Active corrosion protection (zinc phosphate)

Quick drying (lower temperatures lead to a longer drying time)

High coverage

Chromate-free and lead-free

High filling capability

Application range:

Suitable for iron and steel

Can also be applied as a thick layer

For electrostatic discharge

Can be coated with 1K and 2K paints

Properties:

Basic binding agent: Acrylic resin

Adhesion (DIN 53 151): iron, steel: class 0 (very good)

Outside storage for primed surfaces: a maximum of 5 days without final Top coating

Dust dry after 15 - 20 minutes, touchable after 45 - 60 minutes, cured after 4 - 5 hours and final hardness after 3 - 4 days (at 20°C)

Technical information:

Processing conditions: at + 10°C and a maximum relative humidity of 80%

Long service life

Time saving

Economical

Less polluting

Smooth surface

Base colour: Grey

Theoretical coverage area per 1 Litre: 4.2 m²

Dust dry time: 15-20 min

Tack dry time: 45-60 min

Cured time: 4 h

Final curing time: 3 days

Min. processing temperature: 10 °C
