Price: £19.99 (exc VAT) Save £4.00 (RRP £23.99) | £23.99 (inc VAT)

Specifications

A101-00887 SIP QT Air Compressor Service Kit

The SIP QT AIR DD Compressor Service Kit includes consumables suitable for servicing the motor pump units on the SIP QT AIR DD Ultra Low Noise Compressor range (except 05398).

Use as part of the necessary checks and maintenance schedule included within the user manual.

This service kit helps to ensure that your compressor continues to meet its full performance capabilities and runs optimally and smoothly whatever the applications.

It includes SIP Valve Plate Kit, SIP Piston Seals, SIP Air Filters and SIP Cover Bolts.

Each QT motor pump unit should be serviced every 12 months or every 1000 working hours, whichever comes first.

Applications & uses: Provides effective servicing for a single QT motor pump unit. Each motor pump unit will require a service kit.

What's in the box?: SIP Valve Plate Kit, SIP Piston Seals, SIP Air Filters and SIP Cover Bolts.
