Price: £283.95 (exc VAT) | £340.74 (inc VAT)

Specifications

AGMLB6110 Leisure Battery AGM

12v

Width 175 mm

Height inc. terminals 190 mm

NCC Class A

Guarantee 2 Years

The Platinum Leisure Battery range offers power and service life for any budget.

The batteries are sealed and completely spill-proof thanks to the Labyrinth Lid Technology. This feature also allows the battery to gas safely making them suitable for domestic use.

The Platinum range has very strong deep cycle capabilities thanks to the thick plate construction inside. This also helps improve the life of the battery and gives added resistance to shocks and vibrations.

Please note we can only deliver Batteries to a commercial address in Mainland UK only.
