

## AL155435 Fuel Filter Pressure Switch

**Part No:** AL155435

**Price:** £118.33 (exc VAT) | £142.00 (inc VAT)

### Specifications

AL155435 Fuel Filter Pressure Switch

**Safety Enhancement:** John Deere pressure switches monitor pressure levels, helping prevent equipment damage or accidents from excessive pressure, ensuring a safer working environment.

**Operational Efficiency:** By monitoring and regulating pressure levels, pressure switches contribute to optimal equipment performance, reducing energy waste and prolonging machinery lifespan.

**Customized Solutions:** John Deere offers pressure switches for various applications and equipment, ensuring compatibility and precise pressure control tailored to specific needs.

**Timely Alerts:** Pressure switches provide early warnings of potential issues, allowing for proactive maintenance, minimizing downtime, and reducing repair costs.
