

CR66 Low Pressure Oil Hose 1/4"

Part No: CR66

Price: £5.03 (exc VAT) | £6.04 (inc VAT)

Specifications

CR66 Low Pressure Oil Hose 1/4"

Low pressure Oil resistant Hose

****Not suitable for use as a Hydraulic hose****

Specifications - Rubber hydraulic hose with 1 ply of high-strength fabric mesh

Benefits - Lightweight

- Flexible hose

Application - Low pressure hydraulic systems

- Mineral oil-based and glycol-based fluids

- Lubricants

- Air

- Water

Properties - Oil-resistant, smooth outer coating

Technical information - Available lengths: by the metre

- Not suitable for dynamic pressure loads

Test pressure 56 BAR

Hose material inside NBR

Ferrule type SFA-14S

Construction Hose material outside

SBR/CR-rubber
