ECHO's CS-590 is a professional, heavy-duty petrol chainsaw, ideal for felling larger trees.

It features a powerful premium grade, 59.8cc engine and professional-grade SUGIHARA guide bar.

Useful features include a tool-less air filter cover allowing easy air filter access, even when wearing gloves.

Additionally a side-access chain tensioner enabling easy chain adjustment; an anti-icing system preventing the carburettor from freezing in colder months.

It features a 50cm/20" cut length using a 3/8" Pitch Chain.
