Price: £18.95 (exc VAT) | £22.74 (inc VAT)

Specifications

FAIGZMAPPT Gas Cylinder MAPP CGA600 Fitting

The Faithfull FAIGZMAPPT Gas Cylinder with a standard CGA600 fitting.

Introducing the Faithfull FAIGZMAPPT Gas Cylinder with a standard CGA600 fitting.

This robust steel cylinder is filled with MAPP gas, a stable mixture of different proprietary gases.

Known as the hottest commercially available gas, it can provide a working temperature of up to 1600 °C, even in conditions as low as minus 20 °C.

The FAIGZMAPPT is compatible with the Faithfull Quick Pro Auto Power Torch (FAIGZPROAUTO), the Faithfull Power Torch (FAIGZPOWER), and other similar torches that use CGA600 valves.

This makes it a versatile addition to your toolkit, ready to power your torch whenever you need it.

Ideal for brazing or soldering large diameter copper pipes, the FAIGZMAPPT is a reliable and efficient solution for your heating needs.

With a capacity of 400g, this gas cylinder is designed to last, ensuring you can complete your tasks without interruption.

Trust in the quality and reliability of Faithfull products.

Purchase the FAIGZMAPPT Gas Cylinder today and experience the difference in your brazing and soldering tasks.
