Specifications

FSTG TIG Gloves

Features:

- Goat Skin with 15cm Cow split extra long Leather Cuff
- Reinforced Thumb
- Reinforced Wrist Patch

Description:

Experience unparalleled precision and protection with Starparts Premium TIG Gloves.

Designed specifically for the delicate art of precision TIG welding.

Made from ultra-soft yet durable goat skin with a 15cm cow split extra-long leather cuff.

These gloves provide superior coverage while maintaining exceptional comfort.

The reinforced thumb and wrist patch offer added durability for demanding tasks.

The advanced fingertip sensitivity ensures you stay in complete control of your work at all times.

With abrasion resistance, puncture proofing, tear resistance, and cut resistance built right in.

These gloves are your trusted partner for safety and precision.

Whether you're working on intricate welds or critical repairs, these TIG Gloves give you the confidence to perform your best.
